Citylife LENS

ONE LENS FOR **EVERY LIGHT**
ONE LENS FOR **EVERY SCREEN**

PRODUCT OVERVIEW

- Premium adaptive lens combining BlueCut Technology with advanced photochromics.
- Adjusts to multiple light sources — sunlight, indoor LEDs, digital screens, headlights.
- Blue light protection, glare reduction, and driving comfort day & night.

KEY SPECIFICATIONS

- Lens Type: Blue-Light Filtering + Photochromic
- Variants in Grey with Ultra AR, Hydrophobic, Oleophobic coatings.
- Fast activation (20–30s darkening, 2–3 min fading) and 100% UV400 protection.

BENEFITS

- Digital & sunlight protection in one lens.
- Automatically adapts to changing light indoors & outdoors.
- Reduces eye strain, glare, and protects long-term vision.

USES

- Screens
- Outdoors
- Driving

TECHNICAL SPECS

- Multiple lens materials.
- Fast photochromic response.
- Blue-light & Ultra AR clarity.

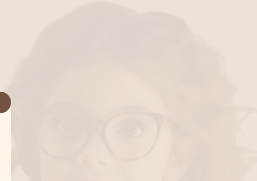
MYO CONTROL
BY LENSTRACK

A modern solution for controlling
MYOPIA IN CHILDREN



What is it?

- Slows down the progression of myopia (nearsightedness)

Why it matters

- Screen time & reduced outdoor play are increasing myopia rates

Benefits

Vision Benefits

- Slows myo Control progression by up to 60%

- Delivers clear, comfortable vision all day

- Controlling it in childhood reduces future vision risks

- Maintains clear vision in all lighting conditions

How it works

- Central Clear Zone – Sharp vision for all activities
- Peripheral Defocus – Signals the eye to slow axial growth
- Optimized for school, sports, and screen use

Who is it for?

- Age: 6–16 years
- Kids with fast-changing prescriptions
- Children with myopic parents

Life Style Benefits

- Lightweight, slim design for all-day comfort
- Works with a wide range of fashionable frames
- Durable with anti-reflective & scratch-resistant coating
